GUESTS

I. Approval of Minutes: Nov 6, 2025.

II. Approval of the Agenda. Include typographical corrections and sequence changes to accommodate guest presenters.

III. Chair Comments

- Summary Report: Nov 20, 2025. Senate: Nov 25, 2025. BOT: Dec 16, 2025.
- AP&P Committee PD: Jan 14, 2025. 9 AM – 12 Noon. 1 PM – 4:30 PM.
- Catalog Development Timeline.

IV. Agenda Item: Catalog Development Timeline.

V. Agenda Item: Standard Attendance Accounting Method Approval for MATH Courses.

VI. Information Item: HOSP Courses Transitions

With the creation of a number of HOSP courses, the discipline faculty decided that the corresponding CA courses can substitute for the parallel HOSP courses. With plans to drop the CA courses, the discipline faculty did not list these CA as cross-listed to the HOSP courses.

These Culinary Arts (CA) courses can substitute for these Hospitality (HOSP) courses. HOSP courses meet the C-ID standards. These courses are NOT CROSSLISTED.	
CA 118 Beverage Management	HOSP 118 Beverage Management
CA 119 Intro to Hospitality Industry	HOSP 100 Intro to Hospitality
CA 124 Sanitation, Safety, and Equipment	HOSP 110 Sanitation & Safety
CA 125 Supervision and Training Techniques	HOSP 130 Intro to Food & Beverage Management
CA 126 Food Production Cost, Control, and Management	HOSP 120 Hospitality Cost Control
CA 129 Catering & Events Management	HOSP 129 Catering & Events Management

VII. Agenda Item: Consent

Drop Courses

These courses are going to be replaced by the corresponding HOSP courses. Approval of these drop proposals needs to include corresponding program changes.

Prefix & Number	Course Title	Units
CA 118	Beverage Management Justification: Replaced by HOSP 118 Beverage Management	1.0
CA 119	Intro to the Hospitality Industry Justification: Replaced by HOSP 100 Intro to Hospitality	2.0
CA 124	Sanitation, Safety and Equipment Justification: Replaced by HOSP 110 Sanitation & Safety	3.0
CA 125	Supervision and Training Techniques Justification: Replaced by HOSP 130 Intro to Food & Beverage Management	3.0
CA 126	Food Production Cost, Control, and Management Justification: Replaced by HOSP 120 Hospitality Cost Control	3.0
CA 129	Catering and Events Management Justification: Replaced by HOSP 129 Catering & Events Management.	3.0

VIII. Agenda Item: First Readings.

New Credit Courses

Prefix & Number	Course Title	Units
CNET 111	Cloud Security Justification: Add new course to Cybersecurity certificate. Need: Objectives 17-20. Include verbs. CSLO for the course. Repeatable?	4.0
CNET 112	Cloud Security 2 Justification: Add new course to Cybersecurity certificate.	4.0

New Noncredit Courses

Prefix & Number	Course Title	Hours
OLDR 7040	Intro to Jewelry Fabrication Justification: 1) At this time, the program does not have any 'jewelry fabrication courses'. The course 'jewelry, sculpture and repousse' is used instead but is misleading for students. In order for students to understand the course content, it is crucial to create specific course content for jewelry fabrication, within the Creative Arts for Older Adults. 2) Currently, the existing course offerings are used by two different teachers, teaching entirely different content. AHCC policy does not allow students to register for the same course twice per session, so students have to choose between two teachers assigned to this same specific course at different class times rather than registering for both.	32-64
OLDR 7045	Beginning Soldering Justification: This is not a change of existing curriculum, but a much needed newly created course proposal to meet the demand for beginning jewelry soldering courses.	32-64

Review and Modify Credit Courses

Prefix & Number	Course Title	Units
FT 338	Land Navigation Cross-list: EMS 338 or ENVT 338 Modification: Uncross-list EMS 338. ENVT 338 was dropped.	2.0
FSN 109	Basic Nutrition for Health Modifications: Update course.	3.0
FSN 110	Nutrition Science Modification: Course update.	3.0
FSN 112	Behavioral Nutrition Modifications: Update course. Remove advisories FSN 109 and ENGL 100.	3.0
FSN 132	Culinology & Nutrition Professions Former: Intro to Culinary Professions Modifications: Title changed from Introduction to Culinary Professions to reflect content regarding nutrition professions and to align with transfer college/university pathways for food science and nutrition. Updated OER text. Removed ENGL 100 advisory.	1.0
FSN 133	Introduction to Food Science Modifications: Course update. Remove advisories for CHEM 120 and ENGL 100.	3.0
FSN 134	Food, Nutrition Customs and Culture Modifications: Update course. Remove advisory for CA 124.	4.0
FSN 149	Work Experience Education Former: Cooperative Work Experience Modifications: Title change.	1-8
KIN 128	Sport Psychology Note: PE 128 was dropped on 10-16-2025. Modifications: 1. Adjust course content to meet Cal-GETC requirements. 2. Add "Social Science Research: Principles, Methods, and Practices" by Anol Bhattacharjee as a required OER Textbook. 3. Add: Face-to-face delivery option and requisite course content and delivery adjustments (assignments, evaluation, etc.). 4. Add disciplines: Kinesiology, Psychology, and Recreation Administration.	3.0

New Credit Programs

Department	Course Title	Units
Life and Physical Sciences	Viticulture and Enology: Winemaking Associate in Science Justification: Clarify the program pathway. The college has a bonded winery and a dedicated vineyard.	32

New Noncredit Programs

Department	Course Title	Units
Education Noncredit	ELD Family Childcare License Preparation Certificate of Competency Justification: Offer ELL support for ECSN program.	40-75

Modify Credit Programs

Department	Course Title	Units
------------	--------------	-------

Fine Arts	Film and Video Production Associate in Science Modification: This program modification streamlines our overall AS degree requirements and places emphasis on courses within the discipline. Many of the previous degree requirements were written twenty-five years ago when this program was an <i>Applied Design</i> degree. As such, there is no longer a reliance on courses from other disciplines that were on the periphery of the discipline. That said, we are maintaining a compliment of those courses in selected units to offer students a robust educational experience. This modification adds greater logic and compartmentalization to our degree and, as a result, reduces overall unit requirements.	31

Deactivate Credit Programs

Department	Course Title	Units
Applied Behavioral Sciences	Human Services: Family Services Worker 1 Certificate of Accomplishment	15
	Human Services: Family Services Worker 2 Certificate of Accomplishment	15
	Human Services: Family Services Worker 3 Certificate of Accomplishment	9
	Human Services: Addiction Studies Associate in Science	42
Counseling	Liberal Studies: Elementary Teacher Preparation Associate in Arts Justification: Since the creation of the ADT in Elementary Teacher Preparation, this Associates Degree has become obsolete. This program does not provide all the core courses needed to transfer to a four-year university, nor does it contain all the state requirements to earn a credential. Modifying the program to contain all of these courses would result in a duplication of the AAT in Elementary Teacher Preparation.	29
	Transfer Studies UC/CSU (Math, Engineering, and Science Majors) Certificate of Achievement.	73-77

IX. Agenda Item: Second Readings

New Credit Courses

Prefix & Number	Course Title	Units
CNET 111	Cloud Security Justification: Add new course to Cybersecurity certificate. Need: Objectives 17-20. Include verbs. CSLO for the course.	4.0

New Credit Programs

Department	Course Title	Units
Applied Behavioral Sciences	Hospitality Management Associate in science for Transfer Justification: The Hospitality Industry is now the largest private-sector employer in Santa Barbara and San Luis Obispo counties, according to the California Employment Development Department (EDD).	18
Life and Physical Sciences	Viticulture and Enology: Winemaking Certificate of Achievement Justification: The new Certificate of Achievement in Winemaking will clarify the pathway for students. The college also offers a bonded winery and a dedicated vineyard on campus. This degree also offers the possibility to get into the industry faster since no general education courses are required.	32
Life and Physical Sciences	Viticulture and Enology: Winemaking Associate in Science Same as above.	32

New Noncredit Program

Department	Course Title	Hours
Education Noncredit	Barbering Certificate of Completion	1000-1200

	Justification: Partnership with Cosmoton Academy in Lompoc. There is a need and interest in the community.	
Education Noncredit	Early Childhood Studies NC: Family Childcare License Preparation Certificate of Completion Justification: The justification of need is based on the ECSN/ECS advisory recommendation to create a stackable certificate that provides students with two courses to start that are family childcare focused. Students will then be able to apply both courses to another certificate that applies their learning to other care settings in the community. Additionally, there is a community need to provide education and training for other childcare models such as family members, neighbors and friends. The certificate is being developed as part of an IBEST model where noncredit English language learners simultaneously learn the professional language and basic skills needed for entering credit Early Childhood Studies coursework. This is part of the accelerated Pathways program and will serve as a bridge from noncredit to credit classes. These courses have also been requested by Santa Barbara County Resource and Referral and respond to projected employment needs in this field. This program will provide English language learners language support and benefit these students in the following ways: • Provide the training necessary to open an in-home licensed care facility. • Provide opportunities for self-employment • Increase the number of daycare spots in the region, which is an emergent need (Struggling to Stay Afloat: The Real Cost Measure in California 2019 report), allowing more parents to enter the workforce • Improve childcare stability across the region • Improve the quality of daycare in the Northern Santa Barbara region • Create a pathway to the credit ECS program in order to increase the opportunity to transition from this noncredit program to the credit program	24-40
Education Noncredit	Early Childhood Studies NC: Family, Friend, & Neighbor Childcare Certificate of Completion Justification: The program was updated to change from a Certificate of Competency to a Certificate of Completion, revised name to align with industry standards, updated catalog description, and had very minor changes to the program outcomes.	69-115
Education Noncredit	ELDV Family Childcare License Preparation Certificate of Competency Justification: Offer ELL support for ECSN program.	40-75

Modify Credit Programs

Department	Course Title	Units
Applied Behavioral Sciences	Interior Design (New Title) Formerly: Family and Consumer Science: Interior Design Merchandizing Associate in science Modification: Include advisory board recommendations to modernize the degree title and better align with current professional terminology and student understanding of the field.	24

	The new title, Interior Design, more accurately stands for the program's content and outcomes, which emphasize design principles, materials and finishes, lighting, space planning, and digital drafting. The term "Merchandising" no longer reflects industry practice or the program's learning goals. Advisory board members noted that employers and students identify more readily with Interior Design as a distinct discipline, and that clarity in the program title will support marketing, recruitment, and transfer articulation. • Degree title changes from Family and Consumer Science: Interior Design Merchandising to Interior Design • Update catalog description for industry relevance • Included two new INTD courses in degree that will articulate to CSU transfer school • Included ARCH digital drafting course based on recommendation of CTE advisory board to degree elective choices • Update PLOs based on industry language and new courses in degree • Remove BUS marketing course based on CTE advisory board.	
English	English Associate in arts Modification: Change PLOs.	21
English	English Associate in Arts for Transfer Modification: Change PLOs.	21
Fine Arts	Dance Associate in Arts Modification: Program modification to align units.	33
	Film and Video Production Associate in Science Modification: This program modification streamlines our overall AS degree requirements and places emphasis on courses within the discipline. Many of the previous degree requirements were written twenty-five years ago when this program was an <i>Applied Design</i> degree. As such, there is no longer a reliance on courses from other disciplines that were on the periphery of the discipline. That said, we are maintaining a compliment of those courses in selected units to offer students a robust educational experience. This modification adds greater logic and compartmentalization to our degree and, as a result, reduces overall unit requirements.	31
Languages and Communication	Advance English Language Development Certificate of Accomplishment Modification: Increase units: ELD 533 from 3 units to 4 units.	13
Social and Behavioral Sciences	Psychology Associate in Arts Justification: The revisions streamline program requirements, ensure consistency with current disciplinary standards, and better prepare students for academic and career pathways. The updated degree emphasizes research methods, statistics, and foundational subfields of psychology, while removing outdated or non-essential course options. These changes reduce barriers to completion, increase program clarity, and ensure the degree reflects	25

	contemporary expectations for students pursuing either direct employment opportunities or continued education in psychology and related fields.	
Social and Behavioral Sciences	Psychology Associate in Arts for Transfer The updates to the AA-T in Psychology were designed to align the program fully with the statewide Transfer Model Curriculum (TMC) and APA 3.0 undergraduate guidelines. Revisions emphasize streamlined course offerings, clearer prerequisite structure, and a solid foundation in research methods, statistics, and key subfields of psychology. By removing non-TMC-aligned courses and focusing on the competencies required for upper-division coursework, the revised AA-T ensures that students are optimally prepared for transfer into the CSU system as psychology majors.	20
