2015-16 Annual Update**

Program and Department:	American Sign Language (Dept. - Languages and Communication)
Date submitted:	June 30, 2016
Submitted by:	Ana M. Gomez de Torres

SLOS report update

Revised Plan of Action

The Annual Update is conducted by all programs at the college and consists of an analysis of changes affecting the program as well as significant new funding needs for staff, resources, facilities, and equipment. It should be submitted or renewed every year by the end of the second week in April in anticipation of budget planning for the following year, which begins at the planning retreat in November. *Note that if there is no change from the previous year, you may simply resubmit the information in that report (or any portion that remains unchanged) from the prior year.

Programs and units should support their planning efforts with quantifiable data, conduct appropriate analyses, and make supportable conclusions. For your use, standardized IT data reports will be provided and sent to departments under separate cover. You may also report on your own internally-generated data. Labor market data is required for all vocational programs at least every two years.

Place your responses in the expandable text boxes below each question.

I. Program Mission (must align with college mission)

Describe the need that is met by the program or the purpose of the program. (Sample: The Health, Physical Education, and Recreation Division is committed to providing excellent education opportunities to our students for their affective, cognitive and psychomotor development as they pursue sport, recreation, physical education, health education and wellness. We will encourage our students to further and sustain their individual endeavors toward the regular, lifelong pursuit of physical activity and a healthy lifestyle.) In addition, for vocational programs only, data must show need and that “the program does not represent an unnecessary duplication of other vocational or occupational training programs in the area.”

The American Sign Language program is dedicated to preparing students for entry-level employment and to pursue degrees in the fields of American Sign Language and Deaf Studies. Students completing this program will have a foundation on American Sign Language through the study of the language, culture, history and social norms of the Deaf Community, while acquiring basic ASL skills and an understanding of Deaf topics.

II. Progress on Comprehensive Program Review Final Plan of Action

Review the final plan of action (post validation) from the last comprehensive program review and any previous annual updates. Summarize the progress the program has made on recommendations targeted for this last year as well as any outstanding or incomplete items from previous years. What is the status of these recommendations? Include the original target date, action taken and results, and reasons for any changes.

Based on comprehensive program review done 2014-2015:

- ONGOING - P/CSLO data needs to be continuous and thorough. All CSLOs should be assessed for all sections of ASL that are offered.
- ONGOING - PT faculty need ongoing training of CSLO assessment and development of common evaluation rubrics for the tools used to assess CSLOs.
- PENDING - Development of two new courses, possibly (1) Classifiers, and (2) Fingerspelling, in preparation for the development of a degree and/or certificate. TARGET DATE: submission Fall 2016
- PENDING - Development of an AA/AS degree and/or certificate of achievement. TARGET DATE: submission Fall 2016
- PENDING - Explore increasing the units of ASL 120, 121, 124 from 3 units to 4 units each.
- PENDING - Development of an ASL Club in campus.
- PENDING - Development of an ASL Advisory Board.
- PENDING - Explore the DL conversion of ASL 138.
- PENDING - Research is recommended to investigate the possibility of offering hybrid sections of ASL 120, 121, 124.
- PENDING -Development of non-credit ASL Conversation classes to allow individuals to keep ASL skills up (since credit ASL courses are not repeatable). TARGET DATE: submission Fall 2016
- PENDING -Development of fee-based classes and/or Community Education classes designed to bring awareness of Deaf culture and social challenges to the campus and community at large. TARGET DATE: submission Fall 2016
- PENDING -Development of Professional Development workshops designed to bring awareness of Deaf culture, and to also assist faculty at large in the accommodation of Deaf students.

III. Program SLOs/Assessment

Check here if any SLO's have changed since the last comprehensive program review and/or update.

What are your program student learning outcomes? Which of these have been assessed since the last comprehensive program review and/or update? How are they measured? What did the assessment data indicate about the strengths and weaknesses of your program? What changes have you made/do you plan based on these data? (You should report assessment information on page 4.)

ASL doesn't have an established program (degree and/or certificate). The current PSLO is:

Demonstrate knowledge and skills in ASL as well as engage in critical inquiry relating to topics in linguistics, literature, Deaf studies, cultural studies, media technology, and history.

IV. Course SLOs/Assessment

Check here if any SLOs have changed since the last comprehensive program review and/or update.

What are your course student learning outcomes? Which of these has been assessed since the last comprehensive program review and/or update? How are they measured? What did the assessment data indicated about the strengths and weaknesses of your program? What changes have you made/do you plan based on these data? (You should report assessment information on page 4.)

ASL Course SLOs are as follows:

ASL 120:

- **ASL120 SLO1 - Demonstrate introductory knowledge of the history and literature of ASL.**
- **ASL120 SLO2 - Demonstrate beginning receptive ASL skills in vocabulary, structure and usage.**
- **ASL120 SLO3 - Demonstrate beginning expressive sign vocabulary, structure and usages in ASL.**
- **ASL120 SLO4 - Identify ASL culture and norms.**

ASL 121:

- **ASL121 SLO1 - Demonstrate intermediate knowledge of the history and literature of ASL.**
- **ASL121 SLO2 - Demonstrate intermediate receptive ASL skills in vocabulary, structure and usage.**
- **ASL121 SLO3 - Demonstrate intermediate expressive sign vocabulary, structure and usages in ASL.**

- **ASL121 SLO4 - Engage in ASL culture and norms.**

ASL 124:

- **ASL124 SLO1 - Demonstrate advanced knowledge of the history and literature of ASL.**
- **ASL124 SLO2 - Demonstrate advanced receptive ASL skills in vocabulary, structure and usage.**
- **ASL124 SLO3 - Demonstrate advanced expressive sign vocabulary, structure and usages in ASL.**
- **ASL124 SLO4 – Engage in ASL culture and norms.**

ASL 130:

- **ASL130 SLO1 - Demonstrate fluency in receptive ASL skills.**
- **ASL130 SLO2 - Demonstrate fluency in expressive ASL skills.**
- **ASL130 SLO3 - Engage in ASL culture and norms.**

ASL 138 (SLOs were developed):

- **ASL138 SLO1 – Demonstrate knowledge of the literature, art, and history of Deaf culture.**
- **ASL138 SLO 2 – Demonstrate knowledge of the laws that have impacted the Deaf community.**
- **ASL138 SLO 3 – Explore the history of how the American Deaf community was founded and familiarize themselves with a time line of significant event and developments relating to the community.**
- **ASL138 SLO 4 – Acquire and apply knowledge of the Deaf community, Deaf Culture, and Deaf education by being able to explain these Deaf related issues and their importance to the Deaf community and our society.**

SLOs assessed:

- **ASL120 SLO 1, 2, 3, 4, & 5 in Spring and Fall 2015.**
- **ASL121 SLO 1, 2, 3, & 4 in Spring and Fall 2015.**
- **ASL138 SLO1, 2, 3, & 4 in Spring 2015.**

Data Analysis:

Current data in eLumen indicates that out of all students enrolled 45% meet standards and 28.33% exceed standards.

V. Internal/External Conditions

What external conditions have influenced the program in the past year? Have there been disciplinary or regulatory changes, changes in technology, advisory board recommendations, employer, or accreditation recommendations, demographics, labor market analyses, articulation changes, etc.? Summarize the major trends, challenges, and opportunities that have emerged in the program since the last comprehensive program review and /or annual update.

EXTERNAL CONDITIONS:

- 1. We currently offer ASL 120, 121, 124, 130 and 138 with three part-time instructors.**
- 2. There is a lack of qualified part-time instructors in our area.**
- 3. There is a high demand for ASL services to accommodate a larger community of Deaf students. Interpreters are in high demand in California, and job postings have been unfilled for years in our area due to lack of qualified interpreters.**
- 4. Demand for interpreters to serve the growing community of Deaf people in Santa Barbara and San Luis Obispo counties. Current law states that Interpreters of the Deaf must have a BA and pass the interpreter performance test. There are currently NO ASL PROGRAMS on the Central Coast to fully equip Signers to pass this test.**
- 5. ASL Hancock classes are usually full; Wait Lists at times list 20 students.**
- 6. Recent law established the requirement for a Bachelor's Degree to all Interpreters, as well as pass a state certification, in order to find employment.**

What internal conditions that have influenced the program in the past year? What are the program success and retention rates? (Include certification exam rates, if appropriate.) Degrees and certificates awarded? Have there been trends in SLOs/assessment or IT data; changes in technology, budget, staffing or resources; enrollment management or facilities issues; etc.?

INTERNAL CONDITIONS:

- 1. This discipline only has three part-time instructors currently, which severely affects the department's ability to support its own responsibilities to evaluation, program review, yearly update, assessment design and implementation, cross-section training and communication between instructors regarding emerging issues in each level of instruction as well as outcomes collection, reporting, and publication.**
- 2. STAFFING: No full-time instructor for ASL at this time. Finding qualified part-time instructors in our geographical area is difficult. Lack of adequate instructors affects the ability for the department to develop more ASL courses, and by default, the ability to develop certificates.**
- 3. DL Offerings: Qualified part-time instructors in ASL who are also qualified to teach a DL section are needed. Without the ability to offer a DL version of ASL 138, for example, the program may not see much growth in the enrollment arena. Further, hybrid/blended sections of ASL 120, 121, and 124 would also capture non-traditional enrollment and well as increase current enrollment and meet demand for these courses.**
- 4. AHC has a large community of Deaf students.**
- 5. We do not have a full time instructor to provide consistent feedback on SLOs. This also hinders program growth.**

Retention and Student Success:

- ASL 120: Retention was averaged at 89% with a success rate of 70%**
- ASL 121: Retention was averaged at 93% with a success rate of 86.5%**
- ASL 124: Retention was averaged at 64% with a success rate of 43%**
- ASL 130: Retention was averaged at 91% with a success rate of 83%**
- ASL 138: Retention was averaged at 100% with a success rate of 80%**
- ASL 139: Retention was averaged at 100% with a success rate of 100%**
- Program Trend Data: 89.5% retention and 72% Success.**

Via. Update to Final Action Plan

If you change or modify a previous recommendation, provide an explanation for the change and a new target date. For new recommendations, provide target dates and data for support. For all items, show how they are related to assessment results where possible and provide approximate costs for resources requested. Resources may include budget, facilities, staffing, research support, professional development, marketing, etc. Not all recommendations will require resources. (Plan may cover period up to the next scheduled comprehensive program review.)

Previous recommendations:

- **One comprehensive program review (2014-2015) has been completed and on file for this discipline.**

New recommendations:

- **Full-time ASL instructor needed to meet offerings and demands in an area affected by lack of qualified ASL instructors.**

**2015-16 PROGRAM REVIEW
Vib. Revised - Plan of Action (Annual Update)**

During the academic year, 2014-2015 , the Spanish Faculty completed program review. The self-study and validation teams developed a final plan of action-post validation based on information in the self study and the recommendations of the validation team.

(If any plan was made and action not taken, please state the rationale for not pursuing that particular item. If action was delayed or postponed, provide an explanation and a new target date.)

Spring 2016 Program Review Annual Update - SLO Data

Review this data to respond to Questions III. Program SLOs/Assessment and IV. Course SLOs/Assessment of the annual update template.

*****You do not need to attach ALL reports to your annual update.** Ideally you will snip out important data to insert into your narrative and then provide your analysis. You can use the snipping tool on a PC in the start menu or use Shift + Command + 4 on a Mac.

Reports included in data packet:

1. ILO/PSLO Summary Map by Course/Context
2. SLO Performance – ILO/PSLO Overall
3. Course Statistics and Evidence
4. SLO Performance – By Department, Course, CSLO

Things to consider:

1. ILO/PSLO SUMMARY MAP BY COURSE/CONTEXT - REVIEW YOUR MAPPING FORM (#1)

- Do your course SLOs align correctly with your program SLOs? If not, address what changes you would like to make and record them in your annual update.

2. SLO PERFORMANCE – ILO/PSLO OVERALL - REVIEW THE OVERALL PROGRAM ASSESSMENT DATA (#2)

- How are your students performing at the program level? In this case approximately 12% of students are below the standard. This is acceptable and doesn't raise any flags. If this number was higher (specifically 30% or above) you would want to address this in your narrative and provide actions to work to improve this in the future.

Report Totals by Term:

	Institutional Exceeds Standards		Institutional Meets Standards		Institutional Below Standards		N/A		Total	
Fall 2015	398	73.16%	83	15.26%	60	11.03%	3	0.55%	544	100.00%
Summer 2015	0	0.00%	0	0.00%	0	0.00%	0	0.00%	0	0.00%
Spring 2015	120	71.43%	21	12.50%	27	16.07%	0	0.00%	168	100.00%
Total	518	72.75%	104	14.61%	87	12.22%	3	0.42%	712	100.00%

3. COURSE STATISTICS AND EVIDENCE - REVIEW THE COURSE STATISTICS AND EVIDENCE REPORT (#3).

- This shows a summary of the courses in your discipline, do they all have SLOs, are they mapped, do they have assessments, etc. Does anything stand out you need to fix or address? Also this shows each course, its SLOs and assessments for F15/U15/S15 and any course improvement plans (if they were completed for these terms). If you don't see your course improvement plans, you may only have completed plans at the section level. Contact Jennie to get a report of section plans.
- Review your course improvement plans to see what might stand out, such as changes to be made, and highlight them within your narrative. You don't need to address everything, but you might pick 1-3 items. In this example below, due to too many assessments, this program wants to simplify their

SLOs. That should be recorded in the narrative to “close the loop” and as a potential goal for the next year.

Action Plans

Spring 2015

Course Improvement Plan

Expected Action	Action Type	Respondent	Action Taken	Date	Resource Request
Allan Hancock College >> ██████████ - Spring 2015					
What did the assessment data indicate about the strengths of your course?		Anonymous	96% of students met or exceeded standard. In Health Sciences we have a different grading criteria than other areas of the college. 75% is the minimum standard. So students are held to a higher standard.	2016-02-04	
What did the assessment data indicate about the weaknesses of your course?		Anonymous	13% of students were below the expectation. Below 75%	2016-02-04	
What changes have you made/do you plan to make based on the data? What resources would you need, if any, to make these changes?		Anonymous	We have too many assessments for this course-(five). We will be simplify the SLO's and feel like they will be more manageable in the future.	2016-02-04	

4. SLO PERFORMANCE – BY DEPARTMENT, COURSE, CSLO - REVIEW THE SLO PERFORMANCE (#4).

- For the terms selected, this will show which SLOs for each course have assessment data. This report will assist you when you review your assessment plan to see if you are on track *to assess ALL SLOs at least once within a six year cycle.*

Contact Jennie Robertson at x3880 or jrobertson@hancockcollege.edu if you want to make changes to your mappings, or if you want additional reports from eLumen or to schedule training.
