Spring 2025	270	
Spring 2026	339	25%

SPRING ANALYSIS

The first spring reg report has encouraging news - FTES and enrollments are both up 25% compared to spring last year. However, with the data point today being so early in the priority registration cycle, please take it with a grain of salt. Typically reg report comparison data is stable when there have been a few days of open reg in each comparison term.

Welcome back data! Next analysis on 11/3
