INDEPENDENT AUDITORS' REPORT

Board of Trustees and
Citizens' Oversight Committee
Allan Hancock Joint Community College District
Santa Maria, California

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of the Allan Hancock Joint Community College District (the District), Measure I General Obligation Bond Fund (Measure I), as of and for the year ended June 30, 2022, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Measure I General Obligation Bonds of Allan Hancock Joint Community College District as of June 30, 2022 and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Allan Hancock Joint Community College District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Emphasis of Matter

As discussed in Note 1, the financial statements of the General Obligation Bond Fund specific to Measure I are intended to present the financial position and the changes in financial position attributable to the transactions of that Fund. They do not purport to, and do not, present fairly the financial position of the District as of June 30, 2022, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 29, 2022 on our consideration of the Measure I General Obligation Bonds' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Measure I General Obligation Bonds' internal control over financial reporting and compliance.

MEASURE I GENERAL OBLIGATION BONDS
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Allan Hancock Joint Community College District's (the District) Measure I General Obligation Bond Fund (Measure I) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA). The District's Measure I General Obligation Bonds (Measure I) accounts for the financial transactions in accordance with the policies and procedures of the California Community Colleges' Budget and Accounting Manual.

Financial Reporting Entity

The financial statements include only the Measure I General Obligation Bond Fund (Measure I) of the District used to account for Measure I projects. This Fund was established to account for the expenditures of general obligation bonds issued under Measure I. These financial statements are not intended to present fairly the financial position and changes in financial position of the District in compliance with accounting principles generally accepted in the United States of America.

Fund Accounting

The operations of the Measure I General Obligation Bond Fund (Measure I) is accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of Accounting

The Measure I General Obligation Bond Fund (Measure I) is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. These fund financial statements do not include the adoption of Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as the District was not required to adopt GASB Statement No. 54 under the reporting requirements of GASB Statement No. 35.

Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget no later than July 1 in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

**ALLAN HANCOCK JOINT COMMUNITY COLLEGE DISTRICT
MEASURE I GENERAL OBLIGATION BONDS
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid, and all outstanding encumbrances lapse at June 30, 2022.

Fund Balance

As of June 30, 2022, the fund balance of Measure I General Obligation Bonds (Measure I) was classified as follows:

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Spending Order Policy

When an expenditure is incurred for purposes of which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first.

NOTE 2 – INVESTMENTS

Policies and Practices

The District is authorized under *California Government Code* to make direct investments in local agency bonds, notes, or warrants within the State: U.S. Treasury instrument; registered State warrants or treasury notes: securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreement; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security, and collateralized mortgage obligations.

**ALLAN HANCOCK JOINT COMMUNITY COLLEGE DISTRICT
MEASURE I GENERAL OBLIGATION BONDS
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022**

NOTE 2 – INVESTMENTS, continued

Investment in County Treasury

In accordance with the *Budget and Accounting Manual*, the District maintains substantially all of its cash in the County Treasury as part of the common investment pool. The District is considered to be an involuntary participant in an external investment pool. The fair value of the District's investment in the pool is reported in the accounting financial statement at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

| Authorized Investment Type | Maximum Remaining Maturity | Maximum Percentage of Portfolio | Maximum Investment in One Issuer |
|---|----------------------------------|---------------------------------------|--|
| Local Agency Bonds, Notes, Warrants | 5 years | None | None |
| Registered State Bonds, Notes, Warrants | 5 years | None | None |
| U.S. Treasury Obligations | 5 years | None | None |
| U.S. Agency Securities | 5 years | None | None |
| Banker's Acceptance | 180 days | 40% | 30% |
| Commercial Paper | 270 days | 25% | 10% |
| Negotiable Certificates of Deposit | 5 years | 30% | None |
| Repurchase Agreements | 1 year | None | None |
| Reverse Repurchase Agreements | 92 days | 20% of base | None |
| Medium-Term Corporate Notes | 5 years | 30% | None |
| Mutual Funds | N/A | 20% | 10% |
| Money Market Mutual Funds | N/A | 20% | 10% |
| Mortgage Pass-Through Securities | 5 years | 20% | None |
| County Pooled Investment Funds | N/A | None | None |
| Local Agency Investment Fund (LAIF) | N/A | None | None |
| Joint Powers Authority Pools | N/A | None | None |

**ALLAN HANCOCK JOINT COMMUNITY COLLEGE DISTRICT
MEASURE I GENERAL OBLIGATION BONDS
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022**

NOTE 2 – INVESTMENTS, continued

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the Santa Barbara County Investment Pool. The District maintains a Measure I General Obligation Bond Fund investment with a book value of \$16,838,057 and a fair market value of \$16,266,495 with the Santa Barbara County Investment Pool, with an average maturity of 644 days.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the Santa Barbara County Investment Pool is not required to be rated, nor has it been rated as of June 30, 2022.

NOTE 3 – FAIR VALUE MEASUREMENTS

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the District has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs, other than Level 1 prices, such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the District that are not available to other market participants.

**ALLAN HANCOCK JOINT COMMUNITY COLLEGE DISTRICT
 MEASURE I GENERAL OBLIGATION BONDS
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022**

NOTE 3 – FAIR VALUE MEASUREMENTS, continued

Uncategorized - Investments in the Santa Barbara County Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

The District's fair value measurements are as follows at June 30, 2022:

| <u>Investment Type</u> | <u>Fair Value</u> | <u>Uncategorized</u> |
|--------------------------------------|-------------------|----------------------|
| Santa Barbara County Investment Pool | \$ 16,266,495 | \$ 16,266,495 |

All assets have been valued using a market approach, with quoted market prices.

NOTE 4 – ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2022, consisted of the following:

| | |
|----------|------------------|
| Interest | <u>\$ 27,997</u> |
|----------|------------------|

NOTE 5 – ACCOUNTS PAYABLE

Accounts payable at June 30, 2022, consisted of the following:

| | |
|----------------|-------------------|
| Capital outlay | <u>\$ 924,747</u> |
|----------------|-------------------|

NOTE 6 - INTERFUND TRANSACTIONS

Interfund Receivables (Due From)

Interfund receivables balances at June 30, 2022, consisted of the following:

| | |
|----------------------|--------------|
| Due from Other Funds | <u>\$ 10</u> |
|----------------------|--------------|

Interfund Payables (Due To)

Interfund payables balances at June 30, 2022, consisted of the following:

| | |
|--------------------|------------------|
| Due to Other Funds | <u>\$ 10,408</u> |
|--------------------|------------------|

**ALLAN HANCOCK JOINT COMMUNITY COLLEGE DISTRICT
 MEASURE I GENERAL OBLIGATION BONDS
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022**

NOTE 7 - FUND BALANCE

Fund balance is composed of the following element:

| | |
|------------------|----------------------|
| Restricted | |
| Capital projects | <u>\$ 15,930,909</u> |

NOTE 8 – COMMITMENTS AND CONTINGENCIES

As of June 30, 2022, the District had \$7,854,458 in construction commitments with respect to unfinished projects:

| Capital Projects | Remaining Construction Commitment | Expected Date of Completion |
|----------------------------------|---|--------------------------------|
| PCPA Stage Craft Bldg Relocation | \$ 5,140,376 | December 2022 |
| Fine Arts Complex | 2,714,082 | January 2023 |
| | <u>\$ 7,854,458</u> | |

The projects are funded through a combination for general obligation bonds and capital project apportionments from the State Chancellor's Office.

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material or adverse effect on the overall financial position of the Measure I General Obligation Bond Fund (Measure I) at June 30, 2022.

Escrow Account

For all capital projects under contract, the District requires that 5% of each invoice be retained until the project is complete. The fine arts complex construction retention is held outside of the District with a fiscal agent. As of June 30, 2022, the total amount of cash with fiscal agents totaled \$1,900,896.

**INDEPENDENT
AUDITORS' REPORT**

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees and
Citizens' Oversight Committee
Allan Hancock Joint Community College District
Santa Maria, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Allan Hancock Joint Community College District (the District) Measure I General Obligation Bond Fund (Measure I), as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the Measure I General Obligation Bonds' basic financial statements, and have issued our report thereon dated December 29, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Measure I General Obligation Bonds' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Measure I General Obligation Bonds' internal control. Accordingly, we do not express an opinion on the effectiveness of the Measure I General Obligation Bonds' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's Measure I General Obligation Bond Fund (Measure I) financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CWDL, Certified Public Accountants
