## Allan Hancock College Foundation

The Allan Hancock College Foundation has been a resource for thousands of Allan Hancock College students since 1977. Whether a student needs workforce training, plans to transfer to a four-year university or college, or is looking for personal enrichment, the foundation is there to help make it possible.

Our purpose is to ensure college for all, to ensure that finances are never an obstacle to starting or completing a college education at Hancock. It's a big, bold claim, one that will take many years and millions of dollars to achieve. It's a purpose that will orient our planning and work for the foreseeable future and will pull us forward toward a hopeful and necessary future.

Allan Hancock College fosters an educational culture that values equity and diversity and engages students in an inclusive learning environment. We offer pathways that encourage our student population to achieve personal, career, and academic goals through coursework leading to skills building, certificates, associate degrees, and transfer. Allan Hancock College will provide, upon request, alternate translation of its general information documents in large print, Braille, e-text, etc. Please call 1-805-922-6966, ext. 3788. The Allan Hancock Joint Community College District ("District") is committed to equal opportunity in employment and all access to institutional programs and activities. The District, and each individual who represents the District, shall provide access to its employment opportunities, services, classes, and programs without regard to national origin, religion, age, sex or gender, gender identity, gender expression, race, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, or military and veteran status of any person, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics.

## MARIAN MULLIN HANCOCK

Marian Mullin Hancock, wife of the late Captain G. Allan Hancock, possessed a passion for philanthropy. She supported many causes, especially education, the arts, and health care in the Santa Maria Valley.

The couple married in October 1946 and made a lasting impression on the community for many years. In 1954, what was then known as Santa Maria Junior College moved to Hancock Field, which for a number of years had housed the original Santa Maria Airport and Hancock College of Aeronautics. The name of the college was changed to Allan Hancock College in honor of the captain, who owned the land.

In the 1960s, Mrs. Hancock was instrumental to the Hancock family's donation of a 10-acre field to the Sisters of St. Francis. The land became the new home of what is now called the Marian Regional Medical Center.

Always interested in education, she remained a staunch supporter of the college and the Allan Hancock College Foundation's scholarship program. In 1967, the college awarded the inaugural Marian Hancock Scholarship to Del Holford. She established the scholarship to recognize one outstanding student who excelled in service to the school, scholastic achievement, and personal conduct.

Mrs. Hancock passed away in 1992 at the age of 88. However, her name and legacy live on throughout the Santa Maria Valley, especially at Allan Hancock College.

## Marian Hancock Scholarship Recipients (1967–present)

Since its creation, the Marian Hancock Scholarship has been awarded to one outstanding student every year. The winner is selected on three qualifications: service to the school, scholastic achievement, and personal conduct.
