

CAL POLY BACHELOR'S PATHWAY

IN BUSINESS ADMINISTRATION AT HANCOCK COLLEGE

Become a Mustang without leaving the Allan Hancock College Campus!

The Cal Poly Bachelor's Pathway at Hancock program gives you the opportunity to earn a Bachelor of Science in Business Administration (BSBA) with a Management and Human Resources (MHR) concentration starting this fall 2026 without commuting to San Luis Obispo.

ABOUT THE MHR PROGRAM

The Management and Human Resources (MHR) concentration prepares students to become practicing professionals in functional roles related to recruitment, staffing, training and development and compensation. Across the MHR curriculum, emphasis is placed on helping students develop four key competencies critical for transformational business leaders:

1. Leveraging strong people skills
2. Cultivating inclusive and equitable workplaces
3. Navigating uncertainty with confidence
4. Solving problems using data and analysis

CONSIDER THE FIT

Course Availability	Curriculum will be offered only in Fall and Spring Terms at the Allan Hancock College campus taught by Cal Poly Faculty. Specific course offerings and flowcharts coming soon.
Unit Load	Students will take 14 units in Fall and 14 units in Spring during their first year. In the second year (final year), students will take 17 units in Fall and 15 units in Spring.
Course Schedule	Courses will be offered in the evenings, as they are intentionally designed to support the needs of working students and student-parents. Classes will run Monday through Thursday from 5–7:40 p.m., with one early course per week (typically on Mondays) from 4–5 p.m.
Degree Requirements	Students will follow the Cal Poly semester catalog for Business Administration with a concentration in MHR.
Additional Coursework	Students with fewer than 60 units, or those missing lower-division requirements, may need to complete additional coursework to qualify. It is strongly recommended that you meet with an AHC transfer counselor to confirm all requirements are met prior to applying to this program.
